The requirement of clause^[128] (A) of paragraph (37) with respect to a State plan may be waived by the Secretary if he finds that the State has exercised good faith in trying to meet such requirement. For purposes of this title, any child who meets the requirements of paragraph (1) or (2) of section 473(b) shall be deemed to be a dependent child as defined in section 406 and shall be deemed to be a recipient of aid to families with dependent children under part A of title IV in the State where such child resides. (b) The Secretary shall approve any plan which fulfills the conditions specified in subsection (a) of this section, except that he shall not approve any plan which imposes, as a condition of eligibility for medical assistance under the plan—

- (1) an age requirement of more than 65 years; or
- (2) any residence requirement which excludes any individual who resides in the State, regardless of whether or not the residence is maintained permanently or at a fixed address; or

(e)(1)(A) Notwithstanding any other provision of this title, effective January 1, 1974, subject to subparagraph (B) each State plan approved under this title must provide that each family which was receiving aid pursuant to a plan of the State approved under part A of title IV in at least 3 of the 6 months immediately preceding the month in which such family became ineligible for such aid because of increased hours of, or increased income from, employment, shall, while a member of such family is employed, remain eligible for assistance under the plan approved under this title (as though the family was receiving aid under the plan approved under part A of title IV) for 4 calendar months beginning with the month in which such family became ineligible for aid under the plan approved under part A of title IV because of income and resources or hours of work limitations contained in such plan.

(B) Subparagraph (A) shall not apply with respect to families that cease to be eligible for aid under part A of title IV during the period beginning on April 1, 1990, and ending on December 31, 2011^[129]. During such period, for provisions relating to extension of eligibility for medical assistance for certain families who have received aid pursuant to a State plan approved under part A of title IV and have earned income, see section 1925.

(2)(A) In the case of an individual who is enrolled with a medicaid managed care organization (as defined in section 1903(m)(1)(A)), with a primary care case manager (as defined in section 1905(t)), or with an eligible organization with a contract under section 1876 and who would (but for this paragraph) lose eligibility for benefits under this title before the end of the minimum enrollment period (defined in subparagraph (B)), the State plan may provide, notwithstanding any other provision of this title, that the individual shall be deemed to continue to be eligible for such benefits until the end of such minimum period, but, except for benefits furnished under section 1905(a)(4)(C), only with respect to such benefits provided to the individual as an enrollee of such organization or entity or by or through the case manager.^[130]

(B) For purposes of subparagraph (A), the term “minimum enrollment period” means, with respect to an individual’s enrollment with an organization or entity under a State plan, a period, established by the State, of not more than six months beginning on the date the individual’s enrollment with the organization or entity becomes effective.

(3) At the option of the State, any individual who—

(iii) the estimated amount which would be expended for medical assistance for the individual for such care outside an institution is not greater than the estimated

amount which would otherwise be expended for medical assistance for the individual within an appropriate institution; and

(C) if the individual were in a medical institution, would be eligible for medical assistance under the State plan under this title,

shall be deemed, for purposes of this title only, to be an individual with respect to whom a supplemental security income payment, or State supplemental payment, respectively, is being paid under title XVI.

(4) A child born to a woman eligible for and receiving medical assistance under a State plan on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of one year^[131]. During the period in which a child is deemed under the preceding sentence to be eligible for medical assistance, the medical assistance eligibility identification number of the mother shall also serve as the identification number of the child, and all claims shall be submitted and paid under such number (unless the State issues a separate identification number for the child before such period expires). Notwithstanding the preceding sentence, in the case of a child who is born in the United States to an alien mother for whom medical assistance for the delivery of the child is made available pursuant to section 1903(v), the State immediately shall issue a separate identification number for the child upon notification by the facility at which such delivery occurred of the child's birth.^[132]

(5) A woman who, while pregnant, is eligible for, has applied for, and has received medical assistance under the State plan, shall continue to be eligible under the plan, as though she were pregnant, for all pregnancy-related and postpartum medical assistance under the plan, through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends.

(6) In the case of a pregnant woman described in subsection (a)(10) who, because of a change in income of the family of which she is a member, would not otherwise continue to be described in such subsection, the woman shall be deemed to continue to be an individual described in subsection (a)(10)(A)(i)(IV) and subsection (l)(1)(A) without regard to such change of income through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends. The preceding sentence shall not apply in the case of a woman who has been provided ambulatory prenatal care pursuant to section 1920 during a presumptive eligibility period and is then, in accordance with such section, determined to be ineligible for medical assistance under the State plan.

(7) In the case of an infant or child described in subparagraph (B), (C), or (D) of subsection (l)(1) or paragraph (2) of section 1905(n)—

(A) who is receiving inpatient services for which medical assistance is provided on the date the infant or child attains the maximum age with respect to which coverage is provided under the State plan for such individuals, and

(B) who, but for attaining such age, would remain eligible for medical assistance under such subsection, the infant or child shall continue to be treated as an individual described in such respective provision until the end of the stay for which the inpatient services are furnished.

(8) If an individual is determined to be a qualified medicare beneficiary (as defined in section 1905(p)(1)), such determination shall apply to services furnished after the end of the month in which the determination first occurs. For purposes of payment to a State under section 1903(a), such determination shall be considered to be valid for an individual for a period of 12 months, except that a State may provide for such determinations more frequently, but not more frequently than once every 6 months for an individual.

(9)(A) At the option of the State, the plan may include as medical assistance respiratory care services for any individual who

(i) is medically dependent on a ventilator for life support at least six hours per day;

(ii) has been so dependent for at least 30 consecutive days (or the maximum number of days authorized under the State plan, whichever is less) as an inpatient;

(iii) but for the availability of respiratory care services, would require respiratory care as an inpatient in a hospital, nursing facility, or intermediate care facility for the mentally retarded and would be eligible to have payment made for such inpatient care under the State plan;

(iv) has adequate social support services to be cared for at home; and

(v) wishes to be cared for at home.

(B) The requirements of subparagraph (A)(ii) may be satisfied by a continuous stay in one or more hospitals, nursing facilities, or intermediate care facilities for the mentally retarded.

(C) For purposes of this paragraph, respiratory care services means services provided on a part-time basis in the home of the individual by a respiratory therapist or other health care professional trained in respiratory therapy (as determined by the State), payment for which is not otherwise included within other items and services furnished to such individual as medical assistance under the plan.

(10)(A) The fact that an individual, child, or pregnant woman may be denied aid under part A of title IV pursuant to section 402(a)(43) shall not be construed as denying (or permitting a State to deny) medical assistance under this title to such individual, child, or woman who is eligible for assistance under this title on a basis other than the receipt of aid under such part.

(B) If an individual, child, or pregnant woman is receiving aid under part A of title IV and such aid is terminated pursuant to section 402(a)(43), the State may not discontinue medical assistance under this title for the individual, child, or woman until the State has determined that the individual, child, or woman is not eligible for assistance under this title on a basis

other than the receipt of aid under such part.

(11)(A) In the case of an individual who is enrolled with a group health plan under section 1906 and who would (but for this paragraph) lose eligibility for benefits under this title before the end of the minimum enrollment period (defined in subparagraph (B)), the State plan may provide, notwithstanding any other provision of this title, that the individual shall be deemed to continue to be eligible for such benefits until the end of such minimum period, but only with respect to such benefits provided to the individual as an enrollee of such plan.

(B) For purposes of subparagraph (A), the term “minimum enrollment period” means, with respect to an individual’s enrollment with a group health plan, a period established by the State, of not more than 6 months beginning on the date the individual’s enrollment under the plan becomes effective.

(12) At the option of the State, the plan may provide that an individual who is under an age specified by the State (not to exceed 19 years of age) and who is determined to be eligible for benefits under a State plan approved under this title under subsection (a)(10)(A) shall remain eligible for those benefits until the earlier of

— (A) the end of a period (not to exceed 12 months) following the determination; or

(B) the time that the individual exceeds that age.

(13)[133](A) IN GENERAL.—

(i) OPTION TO USE A FINDING FROM AN EXPRESS LANE AGENCY.—the option of the State, the State plan may provide that in determining eligibility under this title for a child (as defined in subparagraph (G)), the State may rely on a finding made within a reasonable period (as determined by the State) from an Express Lane agency (as defined in subparagraph (F)) when it determines whether a child satisfies one or more components of eligibility for medical assistance under this title. The State may rely on a finding from an Express Lane agency notwithstanding sections 1902(a)(46)(B) and 1137(d) or any differences in budget unit, disregard, deeming or other methodology, if the following requirements are met:

(I) PROHIBITION ON DETERMINING CHILDREN INELIGIBLE FOR COVERAGE.—If a finding from an Express Lane agency would result in a determination that a child does not satisfy an eligibility requirement for medical assistance under this title and for child health assistance under title XXI, the State shall determine eligibility for assistance using its regular procedures.

(II) NOTICE REQUIREMENT.—For any child who is found eligible for medical assistance under the State plan under this title or child health assistance under title XXI and who is subject to premiums based on an Express Lane agency’s finding of such child’s income level, the State shall provide notice that the child may qualify for lower premium payments if

evaluated by the State using its regular policies and of the procedures for requesting such an evaluation.

(III) COMPLIANCE WITH SCREEN AND ENROLL REQUIREMENT.—The State shall satisfy the requirements under subparagraphs (A) and (B) of section 2102(b)(3) (relating to screen and enroll) before enrolling a child in child health assistance under title XXI. At its option, the State may fulfill such requirements in accordance with either option provided under subparagraph (C) of this paragraph.

(IV) VERIFICATION OF CITIZENSHIP OR NATIONALITY STATUS.—The State shall satisfy the requirements of section 1902(a)(46)(B) or 2105(c)(9), as applicable for verifications of citizenship or nationality status.

(V) CODING.—The State meets the requirements of subparagraph (E).

(ii) OPTION TO APPLY TO RENEWALS AND REDETERMINATIONS.—The State may apply the provisions of this paragraph when conducting initial determinations of eligibility, redeterminations of eligibility, or both, as described in the State plan.

(B) RULES OF CONSTRUCTION.—Nothing in this paragraph shall be construed—

(i) to limit or prohibit a State from taking any actions otherwise permitted under this title or title XXI in determining eligibility for or enrolling children into medical assistance under this title or child health assistance under title XXI; or

(ii) to modify the limitations in section 1902(a)(5) concerning the agencies that may make a determination of eligibility for medical assistance under this title.

(C) OPTIONS FOR SATISFYING THE SCREEN AND ENROLL REQUIREMENT.—

(i) IN GENERAL.—With respect to a child whose eligibility for medical assistance under this title or for child health assistance under title XXI has been evaluated by a State agency using an income finding from an Express Lane agency, a State may carry out its duties under subparagraphs (A) and (B) of section 2102(b)(3) (relating to screen and enroll) in accordance with either clause (ii) or clause (iii).

(ii) ESTABLISHING A SCREENING THRESHOLD.—

(I) IN GENERAL.—Under this clause, the State establishes a screening threshold set as a percentage of the Federal poverty level that exceeds the highest income threshold applicable under this title to the child by a minimum of 30 percentage points or, at State option, a higher number of percentage points that reflects the value (as determined by the State and described in the State plan) of any differences between income methodologies used by the program administered by the Express Lane agency and the methodologies used by the State in determining

eligibility for medical assistance under this title.

(II) CHILDREN WITH INCOME NOT ABOVE THRESHOLD.—If the income of a child does not exceed the screening threshold, the child is deemed to satisfy the income eligibility criteria for medical assistance under this title regardless of whether such child would otherwise satisfy such criteria.

(III) CHILDREN WITH INCOME ABOVE THRESHOLD.—If the income of a child exceeds the screening threshold, the child shall be considered to have an income above the Medicaid applicable income level described in section 2110(b)(4) and to satisfy the requirement under section 2110(b)(1)(C) (relating to the requirement that CHIP matching funds be used only for children not eligible for Medicaid). If such a child is enrolled in child health assistance under title XXI, the State shall provide the parent, guardian, or custodial relative with the following:

(aa) Notice that the child may be eligible to receive medical assistance under the State plan under this title if evaluated for such assistance under the State's regular procedures and notice of the process through which a parent, guardian, or custodial relative can request that the State evaluate the child's eligibility for medical assistance under this title using such regular procedures.

(bb) A description of differences between the medical assistance provided under this title and child health assistance under title XXI, including differences in cost-sharing requirements and covered benefits.

(iii) TEMPORARY ENROLLMENT IN CHIP PENDING SCREEN AND ENROLL.—

(I) IN GENERAL.—Under this clause, a State enrolls a child in child health assistance under title XXI for a temporary period if the child appears eligible for such assistance based on an income finding by an Express Lane agency.

(II) DETERMINATION OF ELIGIBILITY.—During such temporary enrollment period, the State shall determine the child's eligibility for child health assistance under title XXI or for medical assistance under this title in accordance with this clause.

(III) PROMPT FOLLOW UP.—In making such a determination, the State shall take prompt action to determine whether the child should be enrolled in medical assistance under this title or child health assistance under title XXI pursuant to subparagraphs (A) and (B) of section 2102(b)(3) (relating to screen and enroll).

(IV) REQUIREMENT FOR SIMPLIFIED DETERMINATION.—In making such a determination, the State shall

use procedures that, to the maximum feasible extent, reduce the burden imposed on the individual of such determination. Such procedures may not require the child's parent, guardian, or custodial relative to provide or verify information that already has been provided to the State agency by an Express Lane agency or another source of information unless the State agency has reason to believe the information is erroneous.

(V) AVAILABILITY OF CHIP MATCHING FUNDS DURING TEMPORARY ENROLLMENT PERIOD.—Medical assistance for items and services that are provided to a child enrolled in title XXI during a temporary enrollment period under this clause shall be treated as child health assistance under such title.

(D) OPTION FOR AUTOMATIC ENROLLMENT.—

(i) IN GENERAL.—The State may initiate and determine eligibility for medical assistance under the State Medicaid plan or for child health assistance under the State CHIP plan without a program application from, or on behalf of, the child based on data obtained from sources other than the child (or the child's family), but a child can only be automatically enrolled in the State Medicaid plan or the State CHIP plan if the child or the family affirmatively consents to being enrolled through affirmation in writing, by telephone, orally, through electronic signature, or through any other means specified by the Secretary or by signature on an Express Lane agency application, if the requirement of clause (ii) is met.

(ii) INFORMATION REQUIREMENT.—The requirement of this clause is that the State informs the parent, guardian, or custodial relative of the child of the services that will be covered, appropriate methods for using such services, premium or other cost sharing charges (if any) that apply, medical support obligations (under section 1912(a)) created by enrollment (if applicable), and the actions the parent, guardian, or relative must take to maintain enrollment and renew coverage.

(E) CODING; APPLICATION TO ENROLLMENT ERROR RATES.—

(i) IN GENERAL.—For purposes of subparagraph (A)(iv), the requirement of this subparagraph for a State is that the State agrees to—

(I) assign such codes as the Secretary shall require to the children who are enrolled in the State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency for the duration of the State's election under this paragraph;

(II) annually provide the Secretary with a statistically valid sample (that is approved by Secretary) of the children enrolled in such plans through reliance on such a finding by conducting a full Medicaid eligibility review of the children

identified for such sample for purposes of determining an eligibility error rate (as described in clause (iv)) with respect to the enrollment of such children (and shall not include such children in any data or samples used for purposes of complying with a Medicaid Eligibility Quality Control (MEQC) review or a payment error rate measurement (PERM) requirement);

(III) submit the error rate determined under subclause (II) to the Secretary;

(IV) if such error rate exceeds 3 percent for either of the first 2 fiscal years in which the State elects to apply this paragraph, demonstrate to the satisfaction of the Secretary the specific corrective actions implemented by the State to improve upon such error rate; and

(V) if such error rate exceeds 3 percent for any fiscal year in which the State elects to apply this paragraph, a reduction in the amount otherwise payable to the State under section 1903(a) for quarters for that fiscal year, equal to the total amount of erroneous excess payments determined for the fiscal year only with respect to the children included in the sample for the fiscal year that are in excess of a 3 percent error rate with respect to such children.

(ii) **NO PUNITIVE ACTION BASED ON ERROR RATE.**—The Secretary shall not apply the error rate derived from the sample under clause (i) to the entire population of children enrolled in the State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency, or to the population of children enrolled in such plans on the basis of the State’s regular procedures for determining eligibility, or penalize the State on the basis of such error rate in any manner other than the reduction of payments provided for under clause (i)(V).

(iii) **RULE OF CONSTRUCTION.**—Nothing in this paragraph shall be construed as relieving a State that elects to apply this paragraph from being subject to a penalty under section 1903(u), for payments made under the State Medicaid plan with respect to ineligible individuals and families that are determined to exceed the error rate permitted under that section (as determined without regard to the error rate determined under clause (i)(II)).

(iv) **ERROR RATE DEFINED.**—In this subparagraph, the term “error rate” means the rate of erroneous excess payments for medical assistance (as defined in section 1903(u)(1)(D)) for the period involved, except that such payments shall be limited to individuals for which eligibility determinations are made under this paragraph and except that in applying this paragraph under title XXI, there shall be substituted for references to provisions of this title corresponding provisions within

title XXI.

(iii) EXCLUSIONS.—Such term does not include an agency that determines eligibility for a program established under the Social Services Block Grant established under title XX or a private, for-profit organization.

(14)[137] INCOME DETERMINED USING MODIFIED ADJUSTED GROSS INCOME [138].—

(A) IN GENERAL.—Notwithstanding subsection (r) or any other provision of this title, except as provided in subparagraph (D), for purposes of determining income eligibility for medical assistance under the State plan or under any waiver of such plan and for any other purpose applicable under the plan or waiver for which a determination of income is required, including with respect to the imposition of premiums and cost-sharing, a State shall use the modified adjusted gross income [139] of an individual and, in the case of an individual in a family greater than 1, the household income of such family. A State shall establish income eligibility thresholds for populations to be eligible for medical assistance under the State plan or a waiver of the plan using modified adjusted gross income [140] and household income that are not less than the effective income eligibility levels that applied under the State plan or waiver on the date of enactment of the Patient Protection and Affordable Care Act. For purposes of complying with the maintenance of effort requirements under subsection (gg) during the transition to modified adjusted gross income [141] and household income, a State shall, working with the Secretary, establish an equivalent income test that ensures individuals eligible for medical assistance under the State plan or under a waiver of the plan on the date of enactment of the Patient Protection and Affordable Care Act, do not lose coverage under the State plan or under a waiver of the plan. The Secretary may waive such provisions of this title and title XXI as are necessary to ensure that States establish income and eligibility determination systems that protect beneficiaries.

of income is required.

(C) **NO ASSETS TEST.**—A State shall not apply any assets or resources test for purposes of determining eligibility for medical assistance under the State plan or under a waiver of the plan.

(D) **EXCEPTIONS.**—

(i) **INDIVIDUALS ELIGIBLE BECAUSE OF OTHER AID OR ASSISTANCE, ELDERLY INDIVIDUALS, MEDICALLY NEEDY INDIVIDUALS, AND INDIVIDUALS ELIGIBLE FOR MEDICARE COST-SHARING.**—Subparagraphs (A), (B), and (C) shall not apply to the determination of eligibility under the State plan or under a waiver for medical assistance for the following:

(I) Individuals who are eligible for medical assistance under the State plan or under a waiver of the plan on a basis that does not require a determination of income by the State agency administering the State plan or waiver, including as a result of eligibility for, or receipt of, other Federal or State aid or assistance, individuals who are eligible on the basis of receiving (or being treated as if receiving) supplemental security income benefits under title XVI, and individuals who are eligible as a result of being or being deemed to be a child in foster care under the responsibility of the State.

(V) Individuals described in any clause of subsection (a)(10)(E).

(ii) **EXPRESS LANE AGENCY FINDINGS.**—In the case of a State that elects the Express Lane option under paragraph (13), notwithstanding subparagraphs (A), (B), and (C), the State may rely on a finding made by an Express Lane agency in accordance with that paragraph relating to the income of an individual for purposes of determining the individual's eligibility for medical assistance under the State plan or under a waiver of the plan.

(iii) **MEDICARE PRESCRIPTION DRUG SUBSIDIES DETERMINATIONS.**—Subparagraphs (A), (B), and (C) shall not apply to any determinations of eligibility for premium

and cost-sharing subsidies under and in accordance with section 1860D-14 made by the State pursuant to section 1935(a)(2).

(iv) LONG-TERM CARE.—Subparagraphs (A), (B), and (C) shall not apply to any determinations of eligibility of individuals for purposes of medical assistance for nursing facility services, a level of care in any institution equivalent to that of nursing facility services, home or community-based services furnished under a waiver or State plan amendment under section 1915 or a waiver under section 1115, and services described in section 1917(c)(1)(C)(ii).

(v) GRANDFATHER OF CURRENT ENROLLEES UNTIL DATE OF NEXT REGULAR REDETERMINATION.—An individual who, on January 1, 2014, is enrolled in the State plan or under a waiver of the plan and who would be determined ineligible for medical assistance solely because of the application of the adjusted gross income^[143] or household income standard described in subparagraph (A), shall remain eligible for medical assistance under the State plan or waiver (and subject to the same premiums and cost-sharing as applied to the individual on that date) through March 31, 2014, or the date on which the individual's next regularly scheduled redetermination of eligibility is to occur, whichever is later.

(E) TRANSITION PLANNING AND OVERSIGHT.—Each State shall submit to the Secretary for the Secretary's approval the income eligibility thresholds proposed to be established using adjusted gross income^[144] and household income, the methodologies and procedures to be used to determine income eligibility using adjusted gross income^[145] and household income and, if applicable, a State plan amendment establishing an optional eligibility category under subsection (a)(10)(A)(ii)(XX). To the extent practicable, the State shall use the same methodologies and procedures for purposes of making such determinations as the State used on the date of enactment of the Patient Protection and Affordable Care Act. The Secretary shall ensure that the income eligibility thresholds proposed to be established using adjusted gross income^[146] and household income, including under the eligibility category established under subsection (a)(10)(A)(ii)(XX), and the methodologies and procedures proposed to be used to determine income eligibility, will not result in children who would have been eligible for medical assistance under the State plan or under a waiver of the plan on the date of enactment of the Patient Protection and Affordable Care Act no longer being eligible for such assistance.

(F) LIMITATION ON SECRETARIAL AUTHORITY.—The Secretary shall not waive compliance with the requirements of this paragraph except to the extent necessary to permit a State to coordinate eligibility requirements for dual eligible individuals (as defined in section 1915(h)(2)(B)) under the State plan or under a waiver of the plan and under title XVIII and

individuals who require the level of care provided in a hospital, a nursing facility, or an intermediate care facility for the mentally retarded.

(G) DEFINITIONS OF ADJUSTED GROSS INCOME^[147] AND HOUSEHOLD INCOME.—In this paragraph, the terms “adjusted gross income^[148]” and “household income” have the meanings given such terms in section 36B(d)(2) of the Internal Revenue Code of 1986.

(H) CONTINUED APPLICATION OF MEDICAID RULES REGARDING POINT-IN-TIME INCOME AND SOURCES OF INCOME.—The requirement under this paragraph for States to use modified adjusted gross income^[149] and household income to determine income eligibility for medical assistance under the State plan or under any waiver of such plan and for any other purpose applicable under the plan or waiver for which a determination of income is required shall not be construed as affecting or limiting the application of—

(i) the requirement under this title and under the State plan or a waiver of the plan to determine an individual’s income as of the point in time at which an application for medical assistance under the State plan or a waiver of the plan is processed; or

(ii) any rules established under this title or under the State plan or a waiver of the plan regarding sources of countable income.

(I)^[150] TREATMENT OF PORTION OF MODIFIED ADJUSTED GROSS INCOME.—For purposes of determining the income eligibility of an individual for medical assistance whose eligibility is determined based on the application of modified adjusted gross income under subparagraph (A), the State shall—

(i) determine the dollar equivalent of the difference between the upper income limit on eligibility for such an individual (expressed as a percentage of the poverty line) and such upper income limit increased by 5 percentage points; and

(ii) notwithstanding the requirement in subparagraph (A) with respect to use of modified adjusted gross income, utilize as the applicable income of such individual, in determining such income eligibility, an amount equal to the modified adjusted gross income applicable to such individual reduced by such dollar equivalent amount.

(f) Notwithstanding any other provision of this title, except as provided in subsection (e) and section 1619(b)(3) and section 1924, except with respect to qualified disabled and working individuals (described in section 1905(s)), and except with respect to qualified medicare beneficiaries, qualified severely impaired individuals, and individuals described in subsection (m)(1), no State not eligible to participate in the State plan program established under title XVI shall be required to provide medical assistance to any aged, blind, or disabled individual (within the meaning of title XVI) for any month unless such State would be (or would have been) required to provide medical

assistance to such individual for such month had its plan for medical assistance approved under this title and in effect on January 1, 1972, been in effect in such month, except that for this purpose any such individual shall be deemed eligible for medical assistance under such State plan if (in addition to meeting such other requirements as are or may be imposed under the State plan) the income of any such individual as determined in accordance with section 1903(f) (after deducting any supplemental security income payment and State supplementary payment made with respect to such individual, and incurred expenses for medical care as recognized under State law regardless of whether such expenses are reimbursed under another public program of the State or political subdivision thereof) is not in excess of the standard for medical assistance established under the State plan as in effect on January 1, 1972. In States which provide medical assistance to individuals pursuant to paragraph (10)(C) of subsection (a) of this section, an individual who is eligible for medical assistance by reason of the requirements of this section concerning the deduction of incurred medical expenses from income shall be considered an individual eligible for medical assistance under paragraph (10)(A) of that subsection if that individual is, or is eligible to be (1) an individual with respect to whom there is payable a State supplementary payment on the basis of which similarly situated individuals are eligible to receive medical assistance equal in amount, duration, and scope to that provided to individuals eligible under paragraph (10)(A), or (2) an eligible individual or eligible spouse, as defined in title XVI, with respect to whom supplemental security income benefits are payable; otherwise that individual shall be considered to be an individual eligible for medical assistance under paragraph (10)(C) of that subsection. In States which do not provide medical assistance to individuals pursuant to paragraph (10)(C) of that subsection, an individual who is eligible for medical assistance by reason of the requirements of this section concerning the deduction of incurred medical expenses from income shall be considered an individual eligible for medical assistance under paragraph (10)(A) of that subsection.

(g) In addition to any other sanction available to a State, a State may provide for a reduction of any payment amount otherwise due with respect to a person who furnishes services under the plan in an amount equal to up to three times the amount of any payment sought to be collected by that person in violation of subsection (a)(25)(C).

(h) Nothing in this title (including subsections (a)(13) and (a)(30) of this section) shall be construed as authorizing the Secretary to limit the amount of payment that may be made under a plan under this title for home and community care.

(i)(1) In addition to any other authority under State law, where a State determines that a intermediate care facility for the mentally retarded which is certified for participation under its plan no longer substantially meets the requirements for such a facility under this title and further determines that the facility's deficiencies—

(A) immediately jeopardize the health and safety of its patients, the State shall provide for the termination of the facility's certification for participation under the plan and may provide, or

(B) do not immediately jeopardize the health and safety of its patients, the State may, in lieu of providing for terminating

the facility's certification for participation under the plan, establish alternative remedies if the State demonstrates to the Secretary's satisfaction that the alternative remedies are effective in deterring noncompliance and correcting deficiencies, and may provide

that no payment will be made under the State plan with respect to any individual admitted to such facility after a date specified by the State.

(2) The State shall not make such a decision with respect to a facility until the facility has had a reasonable opportunity, following the initial determination that it no longer substantially meets the requirements for such a facility under this title, to correct its deficiencies, and, following this period, has been given reasonable notice and opportunity for a hearing.

(3) The State's decision to deny payment may be made effective only after such notice to the public and to the facility as may be provided for by the State, and its effectiveness shall terminate (A) when the State finds that the facility is in substantial compliance (or is making good faith efforts to achieve substantial compliance) with the requirements for such a facility under this title, or (B) in the case described in paragraph (1)(B), with the end of the eleventh month following the month such decision is made effective, whichever occurs first. If a facility to which clause (B) of the previous sentence applies still fails to substantially meet the provisions of the respective section on the date specified in such clause, the State shall terminate such facility's certification for participation under the plan effective with the first day of the first month following the month specified in such clause.

(j) Notwithstanding any other requirement of this title, the Secretary may waive or modify any requirement of this title with respect to the medical assistance program in American Samoa and the Northern Mariana Islands, other than a waiver of the Federal medical assistance percentage, the limitation in section 1108(f), or the requirement that payment may be made for medical assistance only with respect to amounts expended by American Samoa or the Northern Mariana Islands for care and services described in a numbered paragraph of section 1905(a).

(k)[151](1) The medical assistance provided to an individual described in subclause (VIII) of subsection (a)(10)(A)(i) shall consist of benchmark coverage described in section 1937(b)(1) or benchmark equivalent coverage described in section 1937(b)(2). Such medical assistance shall be provided subject to the requirements of section 1937, without regard to whether a State otherwise has elected the option to provide medical assistance through coverage under that section, unless an individual described in subclause (VIII) of subsection (a)(10)(A)(i) is also an individual for whom, under subparagraph (B) of section 1937(a)(2), the State may not require enrollment in benchmark coverage described in subsection (b)(1) of section 1937 or benchmark equivalent coverage described in subsection (b)(2) of that section.

(2)[152] Beginning with the first day of any fiscal year quarter that begins on or after April 1, 2010^[153], and before January 1, 2014, a State may elect through a State plan amendment to provide medical assistance to individuals who would be described in subclause (VIII) of subsection (a)(10)(A)(i) if that subclause were

effective before January 1, 2014. A State may elect to phase-in the extension of eligibility for medical assistance to such individuals based on income, so long as the State does not extend such eligibility to individuals described in such subclause with higher income before making individuals described in such subclause with lower income eligible for medical assistance.

(3)^[154] If an individual described in [subclause \(VIII\) of subsection \(a\)\(10\)\(A\)\(i\)](#) is the parent of a child who is under 19 years of age (or such higher age as the State may have elected) who is eligible for medical assistance under the State plan or under a waiver of such plan (under that subclause or under a State plan amendment under paragraph (2), the individual may not be enrolled under the State plan unless the individual's child is enrolled under the State plan or under a waiver of the plan or is enrolled in other health insurance coverage. For purposes of the preceding sentence, the term "parent" includes an individual treated as a caretaker relative for purposes of carrying out section [1931](#).

(1)(1) Individuals described in this paragraph are—

(A) women during pregnancy (and during the 60-day period beginning on the last day of the pregnancy),

(B) infants under one year of age,

(C) children who have attained one year of age but have not attained 6 years of age, and

(D) children born after September 30, 1983 (or, at the option of a State, after any earlier date), who have attained 6 years of age but have not attained 19 years of age,

who are not described in any of subclauses (I) through (III) of subsection (a)(10)(A)(i) and whose family income does not exceed the income level established by the State under paragraph (2) for a family size equal to the size of the family, including the woman, infant, or child.

(2)(A)(i) For purposes of paragraph (1) with respect to individuals described in subparagraph (A) or (B) of that paragraph, the State shall establish an income level which is a percentage (not less than the percentage provided under clause (ii) and not more than 185 percent) of the income official poverty line (as defined by the Office of Management and Budget and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981^[155]) applicable to a family of the size involved.

(ii) The percentage provided under this clause, with respect to eligibility for medical assistance on or after—

(I) July 1, 1989, is 75 percent, or, if greater, the percentage provided under clause (iii), and

(II) April 1, 1990, 133 percent, or, if greater, the percentage provided under clause (iv).

(iii) In the case of a State which, as of the date of the enactment of this clause^[156], has elected to provide, and provides, medical assistance to individuals described in this subsection or has enacted legislation authorizing, or appropriating funds, to provide such assistance to such individuals before July 1, 1989, the percentage provided

under clause (ii)(I) shall not be less than—

(I) the percentage specified by the State in an amendment to its State plan (whether approved or not) as of the date of the enactment of this clause, or

(II) if no such percentage is specified as of the date of the enactment of this clause, the percentage established under the State's authorizing legislation or provided for under the State's appropriations;

but in no case shall this clause require the percentage provided under clause (ii)(I) to exceed 100 percent.

(iv) In the case of a State which, as of the date of the enactment of this clause^[157], has established under clause (i), or has enacted legislation authorizing, or appropriating funds, to provide for, a percentage (of the income official poverty line) that is greater than 133 percent, the percentage provided under clause (ii) for medical assistance on or after April 1, 1990, shall not be less than—

(I) the percentage specified by the State in an amendment to its State plan (whether approved or not) as of the date of the enactment of this clause, or

(II) if no such percentage is specified as of the date of the enactment of this clause, the percentage established under the State's authorizing legislation or provided for under the State's appropriations.

(B) For purposes of paragraph (1) with respect to individuals described in subparagraph (C) of such paragraph, the State shall establish an income level which is equal to 133 percent of the income official poverty line described in subparagraph (A) applicable to a family of the size involved.

(C) For purposes of paragraph (1) with respect to individuals described in subparagraph (D) of that paragraph, the State shall establish an income level which is equal to 100^[158] percent (or, beginning January 1, 2014, 133 percent)^[159] of the income official poverty line described in subparagraph (A) applicable to a family of the size involved.

(3) Notwithstanding subsection (a)(17), for individuals who are eligible for medical assistance because of subsection (a)(10)(A)(i)(IV), (a)(10)(A)(i)(VI), (a)(10)(A)(i)(VII), or (a)(10)(A)(ii)(IX)—

(A) application of a resource standard shall be at the option of the State;

(B) any resource standard or methodology that is applied with respect to an individual described in subparagraph (A) of paragraph (1) may not be more restrictive than the resource standard or methodology that is applied under title XVI;

(C) any resource standard or methodology that is applied with respect to an individual described in subparagraph (B), (C), or (D) of paragraph (1) may not be more restrictive than the corresponding methodology that is applied under the State plan under part A of title IV;

(D) the income standard to be applied is the appropriate

income standard established under paragraph (2); and

(E) family income shall be determined in accordance with the methodology employed under the State plan under part A or E of title IV (except to the extent such methodology is inconsistent with [clause \(D\) of subsection \(a\)\(17\)](#)), and costs incurred for medical care or for any other type of remedial care shall not be taken into account.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(17), require or permit such treatment for other individuals.

(4)(A) In the case of any State which is providing medical assistance to its residents under a waiver granted under section [1115](#), the Secretary shall require the State to provide medical assistance for pregnant women and infants under age 1 described in subsection [\(a\)\(10\)\(A\)\(i\)\(IV\)](#) and for children described in subsection [\(a\)\(10\)\(A\)\(i\)\(VI\)](#) or subsection [\(a\)\(10\)\(A\)\(i\)\(VII\)](#) in the same manner as the State would be required to provide such assistance for such individuals if the State had in effect a plan approved under this title.

(B) In the case of a State which is not one of the 50 States or the District of Columbia, the State need not meet the requirement of subsection [\(a\)\(10\)\(A\)\(i\)\(IV\)](#), [\(a\)\(10\)\(A\)\(i\)\(VI\)](#), or [\(a\)\(10\)\(A\)\(i\)\(VII\)](#) and, for purposes of paragraph (2)(A), the State may substitute for the percentage provided under clause (ii) of such paragraph any percentage.

(m)(1) Individuals described in this paragraph are individuals—

(A) who are 65 years of age or older or are disabled individuals (as determined under section [1614\(a\)\(3\)](#)),

(B) whose income (as determined under section [1612](#) for purposes of the supplemental security income program, except as provided in paragraph (2)(C)) does not exceed an income level established by the State consistent with paragraph (2)(A), and

(C) whose resources (as determined under section [1613](#) for purposes of the supplemental security income program) do not exceed (except as provided in paragraph (2)(B)) the maximum amount of resources that an individual may have and obtain benefits under that program.

(2)(A) The income level established under paragraph (1)(B) may not exceed a percentage (not more than 100 percent) of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981^[160]) applicable to a family of the size involved.

(B) In the case of a State that provides medical assistance to individuals not described in subsection (a)(10)(A) and at the State's option, the State may use under paragraph (1)(C) such resource level (which is higher than the level described in that paragraph) as may be applicable with respect to individuals described in paragraph (1)(A) who are not described in subsection (a)(10)(A).

(C) The provisions of section [1905\(p\)\(2\)\(D\)](#) shall apply to determinations of income under this subsection in the same

manner as they apply to determinations of income under section 1905(p).

(3) Notwithstanding subsection (a)(17), for individuals described in paragraph (1) who are covered under the State plan by virtue of subsection (a)(10)(A)(ii)(X)—

(A) the income standard to be applied is the income standard described in paragraph (1)(B), and

(B) except as provided in section 1612(b)(4)(B)(ii), costs incurred for medical care or for any other type of remedial care shall not be taken into account in determining income.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(17), require or permit such treatment for other individuals.

(4) Notwithstanding subsection (a)(17), for qualified medicare beneficiaries described in section 1905(p)(1)—

(A) the income standard to be applied is the income standard described in section 1905(p)(1)(B), and

(B) except as provided in section 1612(b)(4)(B)(ii), costs incurred for medical care or for any other type of remedial care shall not be taken into account in determining income.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(17), require or permit such treatment for other individuals.

(n)(1) In the case of medical assistance furnished under this title for medicare cost-sharing respecting the furnishing of a service or item to a qualified medicare beneficiary, the State plan may provide payment in an amount with respect to the service or item that results in the sum of such payment amount and any amount of payment made under title XVIII with respect to the service or item exceeding the amount that is otherwise payable under the State plan for the item or service for eligible individuals who are not qualified medicare beneficiaries.

(2) In carrying out paragraph (1), a State is not required to provide any payment for any expenses incurred relating to payment for deductibles, coinsurance, or copayments for medicare cost-sharing to the extent that payment under title XVIII for the service would exceed the payment amount that otherwise would be made under the State plan under this title for such service if provided to an eligible recipient other than a medicare beneficiary.

(3) In the case in which a State's payment for medicare cost-sharing for a qualified medicare beneficiary with respect to an item or service is reduced or eliminated through the application of paragraph (2)—

(A) for purposes of applying any limitation under title XVIII on the amount that the beneficiary may be billed or charged for the service, the amount of payment made under title XVIII plus the amount of payment (if any) under the State plan shall be considered to be payment in full for the service;

(B) the beneficiary shall not have any legal liability to make payment to a provider or to an organization described in section 1903(m)(1)(A) for the service; and

(C) any lawful sanction that may be imposed upon a provider or such an organization for excess charges under this title or title XVIII shall apply to the imposition of any charge

imposed upon the individual in such case.

This paragraph shall not be construed as preventing payment of any medicare cost-sharing by a medicare supplemental policy or an employer retiree health plan on behalf of an individual.

(o) Notwithstanding any provision of subsection (a) to the contrary, a State plan under this title shall provide that any supplemental security income benefits paid by reason of subparagraph (E) or (G) of section 1611(e)(1) to an individual who—

(1) is eligible for medical assistance under the plan, and

(2) is in a hospital, skilled nursing facility, or intermediate care facility at the time such benefits are paid,

will be disregarded for purposes of determining the amount of any post-eligibility contribution by the individual to the cost of the care and services provided by the hospital, skilled nursing facility, or intermediate care facility.

(p)(1) In addition to any other authority, a State may exclude any individual or entity for purposes of participating under the State plan under this title for any reason for which the Secretary could exclude the individual or entity from participation in a program under title XVIII under section 1128, 1128A, or 1866(b)(2).

(2) In order for a State to receive payments for medical assistance under section 1903(a), with respect to payments the State makes to a medicaid managed care organization (as defined in section 1903(m)) or to an entity furnishing services under a waiver approved under section 1915(b)(1), the State must provide that it will exclude from participation, as such an organization or entity, any organization or entity that—

(A) could be excluded under section 1128(b)(8) (relating to owners and managing employees who have been convicted of certain crimes or received other sanctions),

(B) has, directly or indirectly, a substantial contractual relationship (as defined by the Secretary) with an individual or entity that is described in section 1128(b)(8)(B), or

(C) employs or contracts with any individual or entity that is excluded from participation under this title under section 1128 or 1128A for the provision of health care, utilization review, medical social work, or administrative services or employs or contracts with any entity for the provision (directly or indirectly) through such an excluded individual or entity of such services.

(3) As used in this subsection, the term “exclude” includes the refusal to enter into or renew a participation agreement or the termination of such an agreement.

(q)(1)(A) In order to meet the requirement of subsection (a)(50), the State plan must provide that, in the case of an institutionalized individual or couple described in subparagraph (B), in determining the amount of the individual’s or couple’s income to be applied monthly to payment for the cost of care in an institution, there shall be deducted from the monthly income (in addition to other allowances otherwise provided under the State plan) a monthly personal needs allowance—

(i) which is reasonable in amount for clothing and other personal needs of the individual (or couple) while in an institution, and

(ii) which is not less (and may be greater) than the minimum monthly personal needs allowance described in paragraph (2).

(B) In this subsection, the term “institutionalized individual or couple” means an individual or married couple—

(i) who is an inpatient (or who are inpatients) in a medical institution or nursing facility for which payments are made under this title throughout a month, and

(ii) who is or are determined to be eligible for medical assistance under the State plan.

(2) The minimum monthly personal needs allowance described in this paragraph is \$30 for an institutionalized individual and \$60 for an institutionalized couple (if both are aged, blind, or disabled, and their incomes are considered available to each other in determining eligibility).

(r)(1)(A) For purposes of sections 1902(a)(17) and 1924(d)(1)(D) and for purposes of a waiver under section 1915, with respect to the post-eligibility treatment of income of individuals who are institutionalized or receiving home or community-based services under such a waiver, the treatment described in subparagraph (B) shall apply, there shall be disregarded reparation payments made by the Federal Republic of Germany, and there shall be taken into account amounts for incurred expenses for medical or remedial care that are not subject to payment by a third party, including—

(i) medicare and other health insurance premiums, deductibles, or coinsurance, and

(ii) necessary medical or remedial care recognized under State law but not covered under the State plan under this title, subject to reasonable limits the State may establish on the amount of these expenses.

(B)(i) In the case of a veteran who does not have a spouse or a child, if the veteran—

(I) receives, after the veteran has been determined to be eligible for medical assistance under the State plan under this title, a veteran’s pension in excess of \$90 per month, and

(II) resides in a State veterans home with respect to which the Secretary of Veterans Affairs makes per diem payments for nursing home care pursuant to section 1741(a) of title 38, United States Code^[161], any such pension payment, including any payment made due to the need for aid and attendance, or for unreimbursed medical expenses, that is in excess of \$90 per month shall be counted as income only for the purpose of applying such excess payment to the State veterans home’s cost of providing nursing home care to the veteran.

(ii) The provisions of clause (i) shall apply with respect to a surviving spouse of a veteran who does not have a child in the same manner as they apply to a veteran described in such clause.

(2)(A) The methodology to be employed in determining income and resource eligibility for individuals under subsection (a)(10)(A)(i)(III), (a)(10)(A)(i)(IV), (a)(10)(A)(i)(VI),

(a)(10)(A)(i)(VII), (a)(10)(A)(ii), (a)(10)(C)(i)(III), or (f) or under section 1905(p) may be less restrictive, and shall be no more restrictive, than the methodology—

(i) in the case of groups consisting of aged, blind, or disabled individuals, under the supplemental security income program under title XVI, or

(ii) in the case of other groups, under the State plan most closely categorically related.

(B) For purposes of this subsection and subsection (a)(10), methodology is considered to be “no more restrictive” if, using the methodology, additional individuals may be eligible for medical assistance and no individuals who are otherwise eligible are made ineligible for such assistance.

(s) In order to meet the requirements of subsection (a)(55), the State plan must provide that payments to hospitals under the plan for inpatient hospital services furnished to infants who have not attained the age of 1 year, and to children who have not attained the age of 6 years and who receive such services in a disproportionate share hospital described in section 1923(b)(1), shall—

(1) if made on a prospective basis (whether per diem, per case, or otherwise) provide for an outlier adjustment in payment amounts for medically necessary inpatient hospital services involving exceptionally high costs or exceptionally long lengths of stay,

(2) not be limited by the imposition of day limits with respect to the delivery of such services to such individuals, and

(3) not be limited by the imposition of dollar limits (other than such limits resulting from prospective payments as adjusted pursuant to paragraph (1)) with respect to the delivery of such services to any such individual who has not attained their first birthday (or in the case of such an individual who is an inpatient on his first birthday until such individual is discharged).

(t) Nothing in this title (including sections 1903(a) and 1905(a)) shall be construed as authorizing the Secretary to deny or limit payments to a State for expenditures, for medical assistance for items or services, attributable to taxes of general applicability imposed with respect to the provision of such items or services.

(u)(1) Individuals described in this paragraph are individuals—

(A) who are entitled to elect COBRA continuation coverage (as defined in paragraph (3)),

(B) whose income (as determined under section 1612 for purposes of the supplemental security income program) does not exceed 100 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981^[162]) applicable to a family of the size involved,

(C) whose resources (as determined under section 1613 for purposes of the supplemental security income program) do not exceed twice the maximum amount of resources that an individual may have and obtain benefits under that program, and

(D) with respect to whose enrollment for COBRA continuation coverage the State has determined that the savings

in expenditures under this title resulting from such enrollment is likely to exceed the amount of payments for COBRA premiums made.

(2) For purposes of [subsection \(a\)\(10\)\(F\)](#) and this subsection, the term “COBRA premiums” means the applicable premium imposed with respect to COBRA continuation coverage.

(3) In this subsection, the term “COBRA continuation coverage” means coverage under a group health plan provided by an employer with 75 or more employees provided pursuant to title XXII of the Public Health Service Act, section 4980B of the Internal Revenue Code of 1986, or title VI of the Employee Retirement Income Security Act of 1974^[163].

(4) Notwithstanding [subsection \(a\)\(17\)](#), for individuals described in paragraph (1) who are covered under the State plan by virtue of subsection (a)(10)(A)(ii)(XI)—

(A) the income standard to be applied is the income standard described in paragraph (1)(B), and

(B) except as provided in section [1612\(b\)\(4\)\(B\)\(ii\)](#), costs incurred for medical care or for any other type of remedial care shall not be taken into account in determining income.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(10)(B) or (a)(17), require or permit such treatment for other individuals.

(v) A State plan may provide for the making of determinations of disability or blindness for the purpose of determining eligibility for medical assistance under the State plan by the single State agency or its designee, and make medical assistance available to individuals whom it finds to be blind or disabled and who are determined otherwise eligible for such assistance during the period of time prior to which a final determination of disability or blindness is made by the Social Security Administration with respect to such an individual. In making such determinations, the State must apply the definitions of disability and blindness found in section [1614\(a\)](#) of the Social Security Act.

(w)(1) For purposes of [subsection \(a\)\(57\)](#) and sections [1903\(m\)\(1\)\(A\)](#) and [1919\(c\)\(2\)\(E\)](#), the requirement of this subsection is that a provider or organization (as the case may be) maintain written policies and procedures with respect to all adult individuals receiving medical care by or through the provider or organization—

(A) to provide written information to each such individual concerning—

(i) an individual’s rights under State law (whether statutory or as recognized by the courts of the State) to make decisions concerning such medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives (as defined in paragraph (3)), and

(ii) the provider’s or organization’s written policies respecting the implementation of such rights;

(B) to document in the individual’s medical record whether or not the individual has executed an advance directive;

(C) not to condition the provision of care or otherwise discriminate against an individual based on whether or not the individual has executed an advance directive;

(D) to ensure compliance with requirements of State law (whether statutory or as recognized by the courts of the State) respecting advance directives; and

(E) to provide (individually or with others) for education for staff and the community on issues concerning advance directives.

Subparagraph (C) shall not be construed as requiring the provision of care which conflicts with an advance directive.

(2) The written information described in paragraph (1)(A) shall be provided to an adult individual—

(A) in the case of a hospital, at the time of the individual's admission as an inpatient,

(B) in the case of a nursing facility, at the time of the individual's admission as a resident,

(C) in the case of a provider of home health care or personal care services, in advance of the individual coming under the care of the provider,

(D) in the case of a hospice program, at the time of initial receipt of hospice care by the individual from the program, and

(E) in the case of a medicaid managed care organization, at the time of enrollment of the individual with the organization.

(3) Nothing in this section shall be construed to prohibit the application of a State law which allows for an objection on the basis of conscience for any health care provider or any agent of such provider which as a matter of conscience cannot implement an advance directive.

(4) In this subsection, the term "advance directive" means a written instruction, such as a living will or durable power of attorney for health care, recognized under State law (whether statutory or as recognized by the courts of the State) and relating to the provision of such care when the individual is incapacitated.

(5) For construction relating to this subsection, see section 7 of the Assisted Suicide Funding Restriction Act of 1997 (relating to clarification respecting assisted suicide, euthanasia, and mercy killing)^[164].

(x) The Secretary shall establish a system, for implementation by not later than July 1, 1991, which provides for a unique identifier for each physician who furnishes services for which payment may be made under a State plan approved under this title.^[165]

(y)(1) In addition to any other authority under State law, where a State determines that a psychiatric hospital which is certified for participation under its plan no longer meets the requirements for a psychiatric hospital (referred to in section 1905(h)) and further finds that the hospital's deficiencies—

(A) immediately jeopardize the health and safety of its patients, the State shall terminate the hospital's participation under the State plan; or

(B) do not immediately jeopardize the health and safety of its patients, the State may terminate the hospital's participation under the State plan, or provide that no payment will be made under the State plan with respect to any individual admitted to

such hospital after the effective date of the finding, or both.

(2) Except as provided in paragraph (3), if a psychiatric hospital described in paragraph (1)(B) has not complied with the requirements for a psychiatric hospital under this title—

(A) within 3 months after the date the hospital is found to be out of compliance with such requirements, the State shall provide that no payment will be made under the State plan with respect to any individual admitted to such hospital after the end of such 3-month period, or

(B) within 6 months after the date the hospital is found to be out of compliance with such requirements, no Federal financial participation shall be provided under section 1903(a) with respect to further services provided in the hospital until the State finds that the hospital is in compliance with the requirements of this title.

(3) The Secretary may continue payments, over a period of not longer than 6 months from the date the hospital is found to be out of compliance with such requirements, if—

(A) the State finds that it is more appropriate to take alternative action to assure compliance of the hospital with the requirements than to terminate the certification of the hospital,

(B) the State has submitted a plan and timetable for corrective action to the Secretary for approval and the Secretary approves the plan of corrective action, and

(C) the State agrees to repay to the Federal Government payments received under this paragraph if the corrective action is not taken in accordance with the approved plan and timetable.

(z)(1) Individuals described in this paragraph are individuals not described in subsection (a)(10)(A)(i)—

(A) who are infected with tuberculosis;

(B) whose income (as determined under the State plan under this title with respect to disabled individuals) does not exceed the maximum amount of income a disabled individual described in subsection (a)(10)(A)(i) may have and obtain medical assistance under the plan; and

(C) whose resources (as determined under the State plan under this title with respect to disabled individuals) do not exceed the maximum amount of resources a disabled individual described in subsection (a)(10)(A)(i) may have and obtain medical assistance under the plan.

(2) For purposes of subsection (a)(10), the term “TB-related services” means each of the following services relating to treatment of infection with tuberculosis:

(A) Prescribed drugs.

(B) Physicians’ services and services described in section 1905(a)(2).

(C) Laboratory and X-ray services (including services to confirm the presence of infection).

(D) Clinic services and Federally-qualified health center services.

(E) Case management services (as defined in section 1915(g)(2)).

(F) Services (other than room and board) designed to encourage completion of regimens of prescribed drugs by outpatients, including services to observe directly the intake of prescribed drugs.

(aa) INDIVIDUALS DESCRIBED IN THIS SUBSECTION ARE INDIVIDUALS WHO—

(1) are not described in [subsection \(a\)\(10\)\(A\)\(i\)](#);

(2) have not attained age 65;

(3) have been screened for breast and cervical cancer under the Centers for Disease Control and Prevention breast and cervical cancer early detection program established under title XV of the Public Health Service Act (42 U.S.C. 300k et seq.) in accordance with the requirements of section 1504 of that Act (42 U.S.C. 300n) and need treatment for breast or cervical cancer; and

(4) are not otherwise covered under creditable coverage, as defined in section 2701(c) of the Public Health Service Act (42 U.S.C. 300gg(c)), but applied without regard to paragraph (1)(F) of such section.

(bb) PAYMENT FOR SERVICES PROVIDED BY FEDERALLY-QUALIFIED HEALTH CENTERS AND RURAL HEALTH CLINICS.—

(1) IN GENERAL.—Beginning with fiscal year 2001 with respect to services furnished on or after January 1, 2001, and each succeeding fiscal year, the State plan shall provide for payment for services described in section [1905\(a\)\(2\)\(C\)](#) furnished by a Federally-qualified health center and services described in section [1905\(a\)\(2\)\(B\)](#) furnished by a rural health clinic in accordance with the provisions of this subsection.

(2) FISCAL YEAR 2001.—Subject to paragraph (4), for services furnished on and after January 1, 2001, during fiscal year 2001, the State plan shall provide for payment for such services in an amount (calculated on a per visit basis) that is equal to 100 percent of the average of the costs of the center or clinic of furnishing such services during fiscal years 1999 and 2000 which are reasonable and related to the cost of furnishing such services, or based on such other tests of reasonableness as the Secretary prescribes in regulations under section [1833\(a\)\(3\)](#), or, in the case of services to which such regulations do not apply, the same methodology used under section [1833\(a\)\(3\)](#), adjusted to take into account any increase or decrease in the scope of such services furnished by the center or clinic during fiscal year 2001.

(3) FISCAL YEAR 2002 AND SUCCEEDING FISCAL YEARS.—Subject to paragraph (4), for services furnished during fiscal year 2002 or a succeeding fiscal year, the State plan shall provide for payment for such services in an amount (calculated on a per visit basis) that is equal to the amount calculated for such services under this subsection for the preceding fiscal year—

(A) increased by the percentage increase in the MEI (as defined in section [1842\(i\)\(3\)](#)) applicable to primary care services (as defined in section [1842\(i\)\(4\)](#)) for that fiscal year; and

(B) adjusted to take into account any increase or decrease in the scope of such services furnished by the center or clinic during that fiscal year.

(4) ESTABLISHMENT OF INITIAL YEAR PAYMENT AMOUNT FOR NEW

CENTERS OR CLINICS.—In any case in which an entity first qualifies as a Federally-qualified health center or rural health clinic after fiscal year 2000, the State plan shall provide for payment for services described in section 1905(a)(2)(C) furnished by the center or services described in section 1905(a)(2)(B) furnished by the clinic in the first fiscal year in which the center or clinic so qualifies in an amount (calculated on a per visit basis) that is equal to 100 percent of the costs of furnishing such services during such fiscal year based on the rates established under this subsection for the fiscal year for other such centers or clinics located in the same or adjacent area with a similar case load or, in the absence of such a center or clinic, in accordance with the regulations and methodology referred to in paragraph (2) or based on such other tests of reasonableness as the Secretary may specify. For each fiscal year following the fiscal year in which the entity first qualifies as a Federally-qualified health center or rural health clinic, the State plan shall provide for the payment amount to be calculated in accordance with paragraph (3).

(5) ADMINISTRATION IN THE CASE OF MANAGED CARE.—

(A) IN GENERAL.—In the case of services furnished by a Federally-qualified health center or rural health clinic pursuant to a contract between the center or clinic and a managed care entity (as defined in section 1932(a)(1)(B)), the State plan shall provide for payment to the center or clinic by the State of a supplemental payment equal to the amount (if any) by which the amount determined under paragraphs (2), (3), and (4) of this subsection exceeds the amount of the payments provided under the contract.

(B) PAYMENT SCHEDULE.—The supplemental payment required under subparagraph (A) shall be made pursuant to a payment schedule agreed to by the State and the Federally-qualified health center or rural health clinic, but in no case less frequently than every 4 months.

(6) ALTERNATIVE PAYMENT METHODOLOGIES.—Notwithstanding any other provision of this section, the State plan may provide for payment in any fiscal year to a Federally-qualified health center for services described in section 1905(a)(2)(C) or to a rural health clinic for services described in section 1905(a)(2)(B) in an amount which is determined under an alternative payment methodology that

-
- (A) is agreed to by the State and the center or clinic; and
 - (B) results in payment to the center or clinic of an amount which is at least equal to the amount otherwise required to be paid to the center or clinic under this section.
- (cc)(1) Individuals described in this paragraph are individuals—
- (A) who are children who have not attained 19 years of age and are born—
 - (i) on or after January 1, 2001 (or, at the option of a State, on or after an earlier date), in the case of the second, third, and fourth quarters of fiscal year 2007;
 - (ii) on or after October 1, 1995 (or, at the option of a State, on or after an earlier date), in the case of each quarter of fiscal year 2008; and

(iii) after October 1, 1989, in the case of each quarter of fiscal year 2009 and each quarter of any fiscal year thereafter;

(B) who would be considered disabled under section 1614(a)(3)(C) (as determined under title XVI for children but without regard to any income or asset eligibility requirements that apply under such title with respect to children); and

(C) whose family income does not exceed such income level as the State establishes and does not exceed—

(i) 300 percent of the poverty line (as defined in section 2110(c)(5)) applicable to a family of the size involved; or

(ii) such higher percent of such poverty line as a State may establish, except that—

(I) any medical assistance provided to an individual whose family income exceeds 300 percent of such poverty line may only be provided with State funds; and

(II) no Federal financial participation shall be provided under section 1903(a) for any medical assistance provided to such an individual.

(2)(A) If an employer of a parent of an individual described in paragraph (1) offers family coverage under a group health plan (as defined in section 2791(a) of the Public Health Service Act^[166]), the State shall—

(i) notwithstanding section 1906, require such parent to apply for, enroll in, and pay premiums for such coverage as a condition of such parent's child being or remaining eligible for medical assistance under subsection (a)(10)(A)(ii)(XIX) if the parent is determined eligible for such coverage and the employer contributes at least 50 percent of the total cost of annual premiums for such coverage; and

(ii) if such coverage is obtained—

(I) subject to paragraph (2) of section 1916(h), reduce the premium imposed by the State under that section in an amount that reasonably reflects the premium contribution made by the parent for private coverage on behalf of a child with a disability; and

(II) treat such coverage as a third party liability under subsection (a)(25).

(B) In the case of a parent to which subparagraph (A) applies, a State, notwithstanding section 1906 but subject to paragraph (1)(C)(ii), may provide for payment of any portion of the annual premium for such family coverage that the parent is required to pay. Any payments made by the State under this subparagraph shall be considered, for purposes of section 1903(a), to be payments for medical assistance.

(dd)^[167] ELECTRONIC TRANSMISSION OF INFORMATION.—If the State agency determining eligibility for medical assistance under this title or child health assistance under title XXI verifies an element of eligibility based on information from an Express Lane Agency (as defined in subsection (e)(13)(F)), or from another public agency, then the

applicant's signature under penalty of perjury shall not be required as to such element. Any signature requirement for an application for medical assistance may be satisfied through an electronic signature, as defined in section 1710(1) of the Government Paperwork Elimination Act (44 U.S.C. 3504 note). The requirements of subparagraphs (A) and (B) of section 1137(d)(2) may be met through evidence in digital or electronic form.

(ee)(1)[168] For purposes of subsection (a)(46)(B)(ii), the requirements of this subsection with respect to an individual declaring to be a citizen or national of the United States for purposes of establishing eligibility under this title, are, in lieu of requiring the individual to present satisfactory documentary evidence of citizenship or nationality under section 1903(x) (if the individual is not described in paragraph (2) of that section), as follows:

(A) The State submits the name and social security number of the individual to the Commissioner of Social Security as part of the program established under paragraph (2).

(B) If the State receives notice from the Commissioner of Social Security that the name or social security number, or the declaration of citizenship or nationality, of the individual is inconsistent with information in the records maintained by the Commissioner—

(i) the State makes a reasonable effort to identify and address the causes of such inconsistency, including through typographical or other clerical errors, by contacting the individual to confirm the accuracy of the name or social security number submitted or declaration of citizenship or nationality and by taking such additional actions as the Secretary, through regulation or other guidance, or the State may identify, and continues to provide the individual with medical assistance while making such effort; and

(ii) in the case such inconsistency is not resolved under clause (i), the State—

(I) notifies the individual of such fact

(II) provides the individual with a period of 90 days from the date on which the notice required under subclause (I) is received by the individual to either present satisfactory documentary evidence of citizenship or nationality (as defined in section 1903(x)(3)) or resolve the inconsistency with the Commissioner of Social Security (and continues to provide the individual with medical assistance during such 90-day period); and

(III) disenrolls the individual from the State plan under this title within 30 days after the end of such 90-day period if no such documentary evidence is presented or if such inconsistency is not resolved.

(2)(A) Each State electing to satisfy the requirements of this subsection for purposes of section 1902(a)(46)(B) shall establish a program under which the State submits at least monthly to the Commissioner of Social Security for comparison of the name and social security number, of each individual newly enrolled in the

State plan under this title that month who is not described in section 1903(x)(2) and who declares to be a United States citizen or national, with information in records maintained by the Commissioner.

(B) In establishing the State program under this paragraph, the State may enter into an agreement with the Commissioner of Social Security—

(i) to provide, through an on-line system or otherwise, for the electronic submission of, and response to, the information submitted under subparagraph (A) for an individual enrolled in the State plan under this title who declares to be citizen or national on at least a monthly basis; or

(ii) to provide for a determination of the consistency of the information submitted with the information maintained in the records of the Commissioner through such other method as agreed to by the State and the Commissioner and approved by the Secretary, provided that such method is no more burdensome for individuals to comply with than any burdens that may apply under a method described in clause (i).

(C) The program established under this paragraph shall provide that, in the case of any individual who is required to submit a social security number to the State under subparagraph (A) and who is unable to provide the State with such number, shall be provided with at least the reasonable opportunity to present satisfactory documentary evidence of citizenship or nationality (as defined in section 1903(x)(3)) as is provided under clauses (i) and (ii) of section 1137(d)(4)(A) to an individual for the submittal to the State of evidence indicating a satisfactory immigration status.

(3)(A) The State agency implementing the plan approved under this title shall, at such times and in such form as the Secretary may specify, provide information on the percentage each month that the inconsistent submissions bears to the total submissions made for comparison for such month. For purposes of this subparagraph, a name, social security number, or declaration of citizenship or nationality of an individual shall be treated as inconsistent and included in the determination of such percentage only if—

(i) the information submitted by the individual is not consistent with information in records maintained by the Commissioner of Social Security;

(ii) the inconsistency is not resolved by the State;

(iii) the individual was provided with a reasonable period of time to resolve the inconsistency with the Commissioner of Social Security or provide satisfactory documentation of citizenship status and did not successfully resolve such inconsistency; and

(iv) payment has been made for an item or service furnished to the individual under this title.

(B) If, for any fiscal year, the average monthly percentage determined under subparagraph (A) is greater than 3 percent—

(i) the State shall develop and adopt a corrective plan

to review its procedures for verifying the identities of individuals seeking to enroll in the State plan under this title and to identify and implement changes in such procedures to improve their accuracy; and

(ii) pay to the Secretary an amount equal to the amount which bears the same ratio to the total payments under the State plan for the fiscal year for providing medical assistance to individuals who provided inconsistent information as the number of individuals with inconsistent information in excess of 3 percent of such total submitted bears to the total number of individuals with inconsistent information.

(C) The Secretary may waive, in certain limited cases, all or part of the payment under subparagraph (B)(ii) if the State is unable to reach the allowable error rate despite a good faith effort by such State.

(D) Subparagraphs (A) and (B) shall not apply to a State for a fiscal year if there is an agreement described in paragraph (2)(B) in effect as of the close of the fiscal year that provides for the submission on a real-time basis of the information described in such paragraph.

(4) Nothing in this subsection shall affect the rights of any individual under this title to appeal any disenrollment from a State plan.

(ff)[169] Notwithstanding any other requirement of this title or any other provision of Federal or State law, a State shall disregard the following property from resources for purposes of determining the eligibility of an individual who is an Indian for medical assistance under this title:

(1) Property, including real property and improvements, that is held in trust, subject to Federal restrictions, or otherwise under the supervision of the Secretary of the Interior, located on a reservation, including any federally recognized Indian Tribe's reservation, pueblo, or colony, including former reservations in Oklahoma, Alaska Native regions established by the Alaska Native Claims Settlement Act^[170], and Indian allotments on or near a reservation as designated and approved by the Bureau of Indian Affairs of the Department of the Interior.

(2) For any federally recognized Tribe not described in paragraph (1), property located within the most recent boundaries of a prior Federal reservation

(3) Ownership interests in rents, leases, royalties, or usage rights related to natural resources (including extraction of natural resources or harvesting of timber, other plants and plant products, animals, fish, and shellfish) resulting from the exercise of federally protected rights

(4) Ownership interests in or usage rights to items not covered by paragraphs (1) through (3) that have unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom.

(gg)[171] MAINTENANCE OF EFFORT.—
