

Maximizing MAA revenue is more than just buzz

Early analysis into the impact of RMTS on SMAA claims has been overwhelmingly positive. While MAA has been simplified considerably for participants, Paradigm's expertise and program management support are helping schools recover even more MAA revenue.

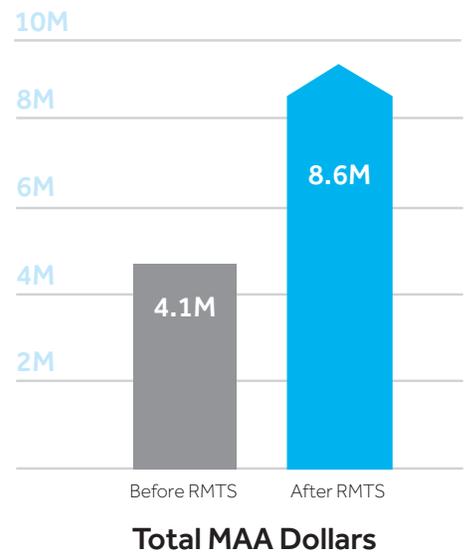

Facts & Figures

Schools working with Paradigm have seen the following results:

- Total reimbursements *doubled* under RMTS
- The average RMTS claim in FY 2014/15 Q3 was *over three times* as much as the average worker log claim
- The majority saw revenue *increase 50% or more* over the previous worker log claims

Schools who partner with Paradigm for MAA Consulting Services saw even bigger increases. On average:

- TSP lists increased by an *additional 36%* as compared to non-consulting clients
- Quarterly claims increased by an *additional 31%* as compared to non-consulting clients (on average, this equates to \$20,000 more per quarter)

MAA Consulting Services

We put our knowledge and expertise in place to:

- **Increase & Stabilize Revenue.** Thoroughly assess your reimbursement potential, and develop a program improvement plan
- **Keep You Audit-Ready.** Provide best practices training, review audit documentation, and work hand-in-hand with you during audits and regional reviews
- **Foster 100% Participation.** Provide program orientation training to all staff, ongoing professional development for coordinators, and a comprehensive toolkit for boosting participation

MAA Fiscal & Claims Services

Paradigm has the experience and efficiencies to perform cost-effective MAA claims administration for you. We offer:

- **Time Savings.** Extract all relevant participant data from your financial systems
- **Accuracy.** Create your claims and provide all supporting information that may be requested by regional, state, and federal agencies
- **Security.** Provide regular management reports for the ongoing analysis of your MAA claims
