

Leveraging Your MAA Program

Paradigm helps schools leverage every available MAA dollar. MAA is a complicated program that can often fall to the bottom of the priority list. We will help you zero-in on the factors that will boost your bottom line, and make participating in MAA much easier.

Increase & Stabilize Revenue

We will thoroughly assess your reimbursement potential, and develop a program improvement plan to keep your revenue on track.

Keep You Audit-Ready

We provide best practices training, review audit documentation, and work hand-in-hand with you during audits and regional reviews.

Foster 100% Participation

Provide program orientation to all staff, ongoing professional development for coordinators, and a comprehensive toolkit for boosting participation.

Suite of Services

Program Management Support

- Program orientation for coordinators and participants using DHCS materials
- MAA Handbook for Coordinators
- Communications templates, tools, and samples for boosting participation
